Professional Summary

Computer Science and Engineering undergraduate student with a strong foundation in Java, Data Structures & Algorithms, and Machine Learning. Experienced in developing academic and web-based projects, solving 190+ coding problems, and applying analytical thinking to real-world challenges. Passionate about Artificial Intelligence, Machine Learning, and software development, with a commitment to continuous learning and innovation.

Education

Bachelor of Technology (B.Tech) in Computer Science & Engineering
CMR Technical Campus (2024 – 2028)
CGPA – 8.33/10

Technical Skills

- **Programming Languages** – Java, Python, C
- **Core Subjects** – Data Structures & Algorithms, OOP, DBMS, Operating Systems.
- **Machine Learning** – Data Preprocessing, Data Cleaning, Classification Techniques
- **Web Technologies** – HTML, CSS, JavaScript, PHP
- **Tools** – Git, GitHub, Eclipse, VS Code

Projects

Effective Garbage Data Filtering Algorithm for SNS Big Data Processing Using Machine Learning

GitHub: <https://github.com/keerthireddypatlori/Effective-Garbage-Data-Filtering-using-ML>

- Developed a machine learning-based approach to identify and filter irrelevant data from SNS big data streams.
- Applied machine learning, data preprocessing, and classification techniques to improve data quality.
- Reduced noisy and redundant information for efficient data processing.

Local Service Finder Application

- Developed a web-based platform to connect users with local service providers.
- Designed responsive user interfaces and improved service discovery.
- Implemented search and service discovery features to enhance user experience.

Achievements

- Solved 190+ coding problems on CodeChef.
- Participated in Smart India Hackathon (SIH) and contributed to innovative problem-solving.
- Developed and published Machine Learning and Web Development projects on GitHub with source code .
- Qualified and earned a certification in the Woxsen National Olympiad.
- Participated in coding competitions and codeathon events.

Certifications

- Python Programming Certification – ExcelR
- Frontend Development Internship Certificate – CodeAlpha
- Smart India Hackathon (SIH) Participation Certificate
- Woxsen National Olympiad Certificate
